SUBJECT: Intelligence Authorization Bill

1. Attached for your information is a copy of S. 1324, the "Intelligence Authorization Act for 1990 and 1991." The Bill, and the accompanying attached report, were approved by the Committee on 13 July 1989.

2. You will note that in the accompanying report, the Department of State is strongly criticized for failing to cooperate with the SEO, and being "derelict" in failing to actions that are indispensable for the protection of U.S. diplomatic facilities. The budget for the SEO is also cut in half. The report makes clear that reversing the decision to reconstruct the new Moscow Embassy building would be another security disaster.
